The Rotarians in RI District 3170

Dear Friends :

I am pleased to know about the electronic release of Governor's Monthly Letter '*eSUVARNAVANI*' as a part of 'Preserve Planet Earth' an initiative taken by the district. This enthusiasm shows your personal commitment to save earth and the environment.

For it is through the exceptional work of Rotarians like you, that our organization is able to fulfill thousands of projects ensuring children have clean water, improved overall health, and the opportunity to go to school.

You have made this commitment to the society because, like me, you believe in Rotary and the positive changes it creates in our world.

We know that by working together, we can achieve greater good than by working alone. We know that united in Rotary, we can ***Make Dreams Real*** for all of the world's children by reducing the rate of child mortality.

Please join me this year in ***Making Dreams Real*** by beginning to turn safe and happy childhoods into long and healthy lives.

Sincerely,

A handwritten signature in black ink that reads "D. K. Lee".
